

Inspire Medical Systems, Inc. Announces a Positive Coverage Policy Issued by Horizon Blue Cross Blue Shield of New Jersey

FOR IMMEDIATE RELEASE

MINNEAPOLIS, MN – January 16, 2019 – Inspire Medical Systems, Inc. (NYSE: INSP) (“Inspire”), a medical technology company focused on the development and commercialization of innovative and minimally invasive solutions for patients with obstructive sleep apnea (“OSA”), announced today that Horizon Blue Cross Blue Shield of New Jersey (“Horizon BCBSNJ”) has issued a positive coverage policy of Inspire therapy. This is the second coverage policy issued by a Blue Cross Blue Shield Association (“BCBSA”) healthcare plan following BCBSA Evidence Street’s January 7, 2019 report, which stated that there is sufficient evidence to determine that Inspire therapy results in a meaningful improvement in net health outcomes for patients meeting specified criteria.

Horizon BCBSNJ, an independent licensee of BCBSA, is the state of New Jersey’s largest insurer and covers approximately 3.8 million members. The Horizon BCBSNJ policy became effective January 15, 2019. This Horizon BCBSNJ also includes coverage for adolescents who have Down’s syndrome. It is important to note that this indication is not yet approved by the Food and Drug Administration (FDA).

“The Inspire team is actively working with Blue Cross Blue Shield’s regional plans and are encouraged that positive coverage policies are being implemented following the Evidence Street report summary,” said Tim Herbert, President and Chief Executive Officer of Inspire Medical Systems. “The development of these coverage policies will improve access to Inspire therapy and further accelerate its adoption in the United States.”
